

# CSCI290N : Computer Science Internship

The internship program allows the student to apply, in a work environment, competencies and skills learned in the classroom. Internship activities include a weekly seminar in which the different business structures and work experience will be shared. Students will keep a journal of their work experience. A final report will be written to evaluate work experience. This course offers a service learning option.

**Class Hours** 1

**Lab Hours** 8 **Credits** 3

**Prerequisites**

The prerequisites are the same for this course as for the capstone courses, as well as approval of the Program Chair.
