

CSCN290N : Computer Science Internship

The internship program allows the student to apply, in a work environment, competencies and skills learned in the classroom. Internship activities include a weekly seminar in which the different business structures and work experience will be shared. Students will keep a journal of their work experience. A final report will be written to evaluate work experience. This course offers a service learning option.

Class Hours 1

Lab Hours 8 **Credits** 3

Prerequisites

Substantial completion of all catalog-listed courses for the first three semesters in the Computer Science program and approval of the internship coordinator.
