

# Academic Instruction Fee

A fee will be charged for all Laboratory/Practicum or other similar experiences. The fee will be calculated by subtracting the number of lecture hours (CL) from the number of credit hours (CR) and multiplying the remainder by \$110 for each course. This fee will be added to the normal tuition charge for that course. The fee will be charged to all students with no exceptions. See the College Catalog for more specific information on tuition and fees.

Example: CL LAB CR

SCIN 201 A&P I 3 3 4

$4 - 3 = 1 \times 110 = \$110$
