

ELET274N : EET Capstone Project

An independent lab project using the student's knowledge of digital/analog electronic circuits and microprocessors. Students will design and build a working model of their selected project. The project will be built, troubleshoot and demonstrated by the end of the semester. This course is offered in the evening only.

Class Hours 1

Lab Hours 3

Credits 2

Prerequisites

ELET132N, ELET250N.
